VENICEM

NARRATIVE OF SPACE
ICONIC AND LATEST VENICEM CHARACTERS

Like an unfolding story, Venicem's space speaks of refinement through design research and materials. At its core is the concept's uniqueness, which translates into timeless lighting and furniture proposals capable of sparking immersive sensory experiences. Like on a stage, each element finds its expression within spaces: seamlessly integrating with the environment, iconic pieces convey the brand's essence, while new collections write new chapters in an ever-evolving narrative. Firmly rooted in Italian craftsmanship and dedication, Venicem orchestrates dialogue between form, material, and light, redefining the concept of living, where sophistication and experimentation coexist naturally.

Lo spazio Venicem è una storia in divenire, un racconto che si risolve attraverso ricerca progettuale e materia. Al centro di questa visione prendono vita creazioni senza tempo, tra illuminazione e arredi, capaci di evocare esperienze sensoriali immersive. Come su un palcoscenico, ogni complemento trova la sua espressione negli ambienti: integrandosi armoniosamente con lo spazio, i pezzi iconici raccontano l'essenza del brand, mentre le nuove collezioni scrivono capitoli inediti di una narrazione in continua evoluzione. Saldamente radicato nell'artigianalità italiana e nella dedizione, il dialogo Venicem tra forma, materia e luce, ridisegna il concetto di abitare, dove sofisticazione e sperimentazione si fondono con naturalezza.

DESIGN MASSIMO TONETTO
