DESIGNED IN LONDON / MADE IN BIRMINGHAM

WWW.JADAMSANDCO.COM

ELEGANCE, ENGINEERED

Each J. Adams & Co luminaire is an exploration of the intersections of beauty, clarity, and function. Of structure, and form. Of lightness, in every respect. Founded in 2015 by engineer Adam Yeats, the brand melds traditions of craftsmanship and engineering with a nuanced, modern sensibility. Our most enduring trades paired with our most modern tastes.

Our vision is one of honesty and intuition. We draw from an age-old arsenal, techniques handed down over generations. These techniques form the broad lines of our creative process. We bend and shape those lines against design director William Earl's sharp, minimalist aesthetic. The result: Simple. Sophisticated. Singular.

DESIGN INSIGHTS

Everything in our design process is interconnected. We're thinking about the effect and function of the lightsource from the outset, not just the final form of the piece. The way these two aspects can work together to create something beautiful, yet also functional.

The interplay between maker and designer is central to our process. It's a constant dialogue where materials, craft, and intention converge. We explore how light interacts with each surface, how it fills a space, and how form enhances function. Every contour, finish, and fixture is thoughtfully refined to ensure authenticity and utility.

Will Earl, Design Director at J. Adams & Co

CRAFT

Craftsmanship is more than production—it's a philosophy rooted in skill, tradition, and authenticity. At J. Adams & Co, we work closely with skilled craftspeople in our Birmingham workshop, where centuries-old metalworking techniques are preserved and refined.

Handcrafted products carry stories through their subtle variations—marks of individuality that reflect the hands of their makers. Inspired by the Japanese concept of "wabi-sabi," we embrace these imperfections, believing they give each piece its unique character and lasting significance.

APEX

The Apex Collection explores the interplay of light through textured, kiln-formed glass.

Suspended from a solid brass framework, layers of patterned glass create depth and visual intrigue, shifting with perspective. The collection's modern geometric form is enriched by the subtle tension between materiality and texture, offering a dynamic experience from every angle.

COLLECTION INCLUDES:

- APEX PENDANT
- APEX TABLE
- APEX WALL

ARAGON

Sourced from its namesake region of Spain, Aragon explores the translucent and reflective properties of alabaster. Playing with texture and light, in material and illumination; the opalescent, sculptural stone is in contrast to its lustrous, burnished bronze machined brass body, with the conical stepped shade designed to both reflect and diffuse light.

COLLECTION INCLUDES:

- ARAGON FLOOR
- ARAGON PENDANT
- ARAGON TABLE

FLUME

Taking inspiration from the mid-century and Art Deco eras, the Flume collection has an effortless contemporary silhouette crafted from machined brass and precision cut reeded glass. Flume's sophisticated design plays with verticality and light refraction to create an elegant and intimate illumination within any space.

COLLECTION INCLUDES:

- FLUME PENDANT
- FLUME WALL
- FLUME DOUBLE WALL

LANTERN

With its classic industrial styling, our box Lantern collection is unrivalled in quality. Aesthetically timeless, the range of interior and exterior Lanterns are crafted by hand from lustrous brass that will naturally age and patina over time.

COLLECTION INCLUDES:

- LANTERN CEILING
- LANTERN FLOOR
- LANTERN PENDANT
- LANTERN WALL

LUNA

Exploring concealed light and reflected illumination, Luna takes inspiration from the cosmos, mimicking the effect of a total eclipse by using handmade stone discs to obscure a concealed LED light source. Reflected by the large hand-spun brass dish, an outward halo of warm and inviting indirect light is cast.

COLLECTION INCLUDES:

- LUNA PENDANT

NOVA

Nova is a captivating collection of elegant, celestial inspired shapes that explore the sculptural possibilities of mouth-blown glass. The opaline glass, chosen for its porcelain-like texture, provides a soft, ethereal illumination. Anchoring the designs, a lustrous tapered stem with Deco inspired stepped detailing.

COLLECTION INCLUDES:

PORTO

Building on the visual language of the Flume collection, Porto combines precision engineering with the latest in portable LED technology. With a design that maximises on flexibility, this luminaire can be easily picked up and moved to change the ambience of any space.

COLLECTION INCLUDES:

- PORTO TABLE
- PORTO MINI TABLE

Porto and Porto Mini, satin nickel

SPOT

Task lighting redefined, Spot is a versatile collection of elegant, adjustable accent lights. With its refined shapes machined from solid brass. Crafted to illuminate and elevate surfaces, artwork and interior architecture.

COLLECTION INCLUDES:

- SPOT CEILING
- SPOT DESK
- SPOT FLOOR
- SPOT PENDANT

SUPERNOVA

Supernova is a collection of entirely configurable statement pendants, comprised of solid brass cantilevered arms that can be effortlessly configured into 2, 3 or 4-arm formations. The sandblasted elliptical shades are beautifully translucent, offering a warm diffused illumination. Each shade features stepped brass Deco detailing, alongside solid tapered counterweights to provide equilibrium.

COLLECTION INCLUDES:
 · SUPERNOVA 2 PENDANT
 · SUPERNOVA 3 PENDANT
 · SUPERNOVA 4 PENDANT

Supernova 3 Pendant, antique brass

TALBOT

The Talbot Collection draws inspiration from the great reading rooms and libraries of the world, spaces rich with character and story-filled interiors. Reimagining the classic picture wall light and traditional bankers lamp, the collection puts materiality at the forefront. Each piece features the brand's signature reeded brass, blending understated elegance with timeless charm.

COLLECTION INCLUDES:

- TALBOT TABLE
- TALBOT WALL

Talbot Wall and Talbot Desk, antique brass

Talbot 570 Picture Light, antique brass

TOR

Inspired by the iconic natural formations, which have long stood as symbols of enduring beauty and strength, Tor captures the essence of its namesake. Much like these grand landforms that have weathered the test of time, Tor is a true testament to materiality and longevity.

COLLECTION INCLUDES:

- TOR UP/DOWN WALL
- TOR DOWN WALL
- TOR MINI WALL

CARE GUIDE

METAL FINISHES

BRASS / BRONZE (LACQUERED)

A coating is applied to the surface to preserve the appearance and protect from tarnishing / oxidisation.

Clean using a soft, lint-free cloth to gently wipe away dust and smudges.

Avoid abrasive cleaners that can damage the finish.

Avoid direct exposure to harsh chemicals to prevent discoloration or tarnish.

BRASS / BRONZE (WAXED)

Please note that all our outdoor fixtures are unlacquered and will naturally mature and patinate over time.

A clear wax is applied to enhance the appearance and protect the material from oxidation and wear.

Clean regularly with a soft cloth to remove dust and fingerprints.

Use a mild soap solution and soft brush to remove stubborn dirt or grime.

Apply a thin layer of high-quality wax periodically to maintain the lustre of the metal.

Avoid using abrasive cleaners or rough materials that can scratch the surface and damage the finish.

SATIN NICKEL (UNLACQUERED)

Clean using a soft, lint-free cloth to gently wipe away dust and smudges.

Avoid abrasive cleaners, harsh chemicals or rough sponges that can damage the finish.

GLASS

For regular cleaning, use a soft cloth or a feather duster to remove dust.

For smudges or fingerprints, use a gentle glass cleaner sprayed onto a soft cloth.

Avoid using rough sponges or abrasive materials that can scratch the glass.

Avoid direct exposure to harsh chemicals to prevent discoloration or tarnish.

NATURAL STONE

Wipe gently with a soft, dry cloth to remove dust.

For deeper cleaning, use a mild soap solution and a soft brush, then wipe dry.

Avoid using acidic or abrasive cleaners that can damage the natural stone surface.

MATERIAL VARIATION

Slight variations in the appearance of our luminaires is part of their handmade nature. Crafted entirely by hand using natural materials, our products may exhibit slight variants in size, shape, and colour; this highlights the authenticity and uniqueness of each piece.
