

Scenari⁰¹

A collection of inspirations, where visual and tactile affinities of metal echo the craftsmanship creativity.

Una raccolta di ispirazione dove le affinità visive e tattili del metallo fanno eco alla creatività artigianale.

DE CASTELLI

Metal Affinities is an invitation to explore the world of design through the distinctive lens of De Castelli. Metal expresses itself in a fluid manifestation of its essence: a universal material that shapes space, integrating seamlessly in perfect harmony. These affinities, surpassing the very surface of perception, fade into the unsaid: a whispered invitation to discover the most intimate connections of beauty.

Metal Affinities è un invito a esplorare il mondo del design attraverso la lente distintiva di De Castelli. Il metallo si esprime in una manifestazione fluida della sua essenza: una materia universale che plasma lo spazio integrandosi in perfetta armonia. Queste affinità, che superano la superficie stessa della percezione, sfumano nel non detto: un invito sussurrato a scoprire le connessioni più intime della bellezza.

DESIGN BY ADELE MARTELLI

Foliage is an ode to the eternal beauty of the passage of time and of the cycle of life as it is transformed and renewed: curves which flutter delicately in the sky as they are carried upon the wind, and which, in their dance, are suspended in almost ethereal purity.

Foliage è un omaggio alla bellezza immutabile dello scorrere del tempo e del ciclo della vita che si trasforma e si rinnova: curve che ondeggianno delicate nel cielo, trasportate dal vento e che nella loro danza restano sospese in una purezza quasi eterea.

Xilo Console

DESIGN BY DELINEO DESIGN STUDIO

The Xilo console is a sculptural volume punctuated by different bands of thick metal sheet folded over the top so that they cover the front and create a sort of metaphorical waterfall.

Xilo console è un volume scultoreo ritmato dalle diverse fasce metalliche in spessore piegato che rivestono le ante frontali e danno vita a una metaforica cascata.

Light&Shade Lighting

DESIGN BY ADELE MARTELLI

Dawn and sunset are moments loaded with intensity and charm: a flow of light always in transformation, which oscillates in its intensity and colour. Light&Shade immortalises the precise time of the day in which the clear sky is reflected in a calm sea.

Alba e tramonto sono momenti carichi di intensità e fascino: un flusso di luce sempre in trasformazione, che oscilla per intensità e colore. Light&Shade immortalizza quell'istante preciso del giorno in cui il cielo terso si riflette in un mare calmo.

Flocks Coffee tables

DESIGN BY MATTEO ZORZENONI

The Flocks table collection was inspired by the sinuous and hypnotic movement of flocks of birds in the autumn sky. Chromatic contrast is accentuated by the graphic pattern of the DeErosion finishing: the table tops gain a three-dimensional, tactile aspect that emerges on the surface with natural refinement.

La collezioni di tavolini Flocks si ispira al movimento sinuoso e ipnotico degli stormi nel cielo autunnale. Il contrasto cromatico è accentuato dal pattern grafico ottenuto con la finiture DeErosion che caratterizza il top regalando una sensazione tattile tridimensionale che affiora sulla lastra con naturale raffinatezza.
